Cinémobile

A movie theater you can rent
for your festival

une action çiliç

For thirty years, Ciclic has been managing the operations of three Cinémobile trucks. These movie theaters are unique in France and travel across the Centre-Val de Loire Region to give rural audiences the opportunity to go to the cinema, see the latest films and enjoy cultural events.

CINÉMOBILE

Bringing magic... into your festival!

In an hour, Cinémobile trucks are transformed to offer the comfort of real movie theaters with 80 or 100 seats.

What is Cinémobile?

Cinémobile provides equipment ensuring high-quality screening conditions and comfort:

- complete projection room with digital equipment
- movie theater with heating and cooling system, and Dolby sound system
- access for persons with reduced mobility
- qualified operators/projectionists deal with the entire process: driving the heavy truck, installing the equipment, projecting the movie and cleaning the room. Besides, they greet the public.

Technical conditions

Location: hard standing and asphalted surface of 2,000 sq ft

Electrical equipment: three-phase 380V (3 phases + neutral + ground, 32 A). The tenant is responsible for electricity charges.

Cinémobile will suit your needs

For temporary or long-term events, Ciclic offers a solution tailored to specific requirements. The truck can be used for up to 18 hours per day.

Thanks to the configuration and equipment of Cinémobile trucks, you can create an "intimate atmosphere" which is conducive to listening and exchanging ideas.

- Projections (with participants and encounters with the public)
